

lady, Mrs. Coleman lived next door. She gave me a sled, skates & a red scooter. Even when we moved to 4174 419 E. Raynor, would visit her to sell tickets to Croton School Ice Cream Social. My Kona would take me to Montgomery School for Kdg. The train came by Taylor St & remember telling my Kona I could go under the train. Only incident I remember in Kdg. is making paper rings. Must have gone to 1st grade there, which I failed. Kona said I caught all the childhood diseases. Gave my mother the mumps. Julia (Drossos) Evans sister lived upstairs. Maria was the cutest baby & used to wet & say "you do that." Remember Thea Vasiliki (Joyce's mother) coming from Greece (1927). What a beautiful lady. The Drossos family lived in the 100 block of N Burt St. Nick had a tent & we kids played there. Remember her sister, Rose, leaving for the Convent. She had a leg amputated. Memories of going to 704 S. Saline & Temple to Uncle Angelo's confectionary store & Papa's Barber Shop. Also going to Church on Montgomery St. Playing on Temple St. with Theodora.
